Six lanes over the Mureş River.

The motorway's target width was 26m and four main lanes of 3.75m each as well as two emergency lanes of 4m each were executed. Building four motorway bridges was also part of this infrastructure and road construction project, with the 507m long bridge over the Mureş being the most impressive single structure.

Impressions

Image notes

1

Landmark for traffic benefits.

Since 2011 the impressive six-lane cantilever bridge has been spanning the Mureş River.

2

Fast lanes across the river.

The 507m long and 26m wide bridge forms the heart of the Arad bypass, allowing maximum speed up to 100km/h.
