

Conference & Training Centre in Măgurele

Data and facts

Company

Type Office buildings

Runtime 11.2018 - 01.2020

Principal National Institute of Physics and Nuclear Engineering –
Horia Hulubei

[Project report online](#)

www.porr-group.com

A trailblazing science project.

The ground floor covers more than 1,080m² and offers space for 22 rooms including a conference room with about 340 seats, three meeting rooms with 36 seats and one 3D-training room with a capacity for 20 seats. The first floor has an area of 970m² providing space for 19 rooms including a show room and catering space as well as office areas and the front office. On top of that, PORR also conducts work on green areas, roads and streets, HVAC works, BMS as well as the installation of a wireless CATV system.

Thanks to the dedicated work of our experts and the whole team, we are on schedule and will finish all works as planned by January 2020.
