Designed and built.

PORR Construct S.R.L. and PORR Bau GmbH received the contract for Lot 4 with a total length of 16.3km.

The venture comprised 420,000m² asphalt road, 17 motorway bridges including two viaducts, as well as 13 overpasses and underpasses crossing the motorway and two short-term parking areas.

Impressions

Image notes

1

A challenge in traffic management.

Lot 4 required a lot of complex traffic planning. In the end, the project included 17 motorway bridges including two viaducts as well as 13 overpasses and underpasses on only 16.3km.

2

A groundbreaking project.

PORR plays an important role in connecting two major transportation links. The Sebes – Turda Motorway will connect Corridor IV with the Transylvanian Motorway.
